

Drive-On Benches

CRS3000-DO Quick Bench

The UnoLiner CRS3000-DO Quick Bench fits in any car body repair workshop. Including drive-on ramps, this collision repair bench is less than 4 meters long and less than 2 meters wide. Its lifting capacity of 3000 kg and maximum bench height of ca. 1.3 meters enables it to offer the complete functionality of a full-size straightening bench. Compact yet powerful and versatile, the CRS3000 is an ideal straightening, alignment, and collision repair bench, which can also be used as a multifunctional vehicle maintenance and general repair worksite. UnoLiner accessories for bigger benches fit on this machine too, contributing to a cost-efficient workshop.

Features

- ✓ No compromise, fully-fledged straightening bench
- ✓ 3 ton lifting capacity
- ✓ Multiple-angle 10-ton pulling ability
- ✓ Interchangeable UnoLiner accessories
- ✓ Low base height of 14.5 cm
- ✓ Ideal for smaller workspaces
